### "INDIRECT INDEX TO REAL PROPERTY, NO.1"

### MORA COUNTY, NEW MEXICO

1850 - 1890

#### INTRODUCTION

The following abstractions are selected data from the Mora County, New Mexico "Indirect Index to Real Property, No. 1" volume, which holds records from 1850-1890. This volume is housed at the New Mexico Records Center and Archives (MNRCA), 1209 Camino Carlos Rey, Santa Fe, N.M. The records have been arranged alphabetically, both by the name of the property grantee or mortgagee (pages 1–111) as well as by the name of the grantor or mortgagor (pages 113-223).

Along with the names of the Grantee and Grantor, these pages include the property location where shown, the page number in the original Indirect Index and the date of the instrument. The last two columns refer to the original books in Mora County for which this Indirect Index was intended. Whether those books are extant today is not known.

Other information which may be found in the "Indirect Index to Real Property" include the date of reception, description of the property, miscellaneous descriptions and remarks and the specific instrument, which may be a quit claim deed, mortgage, bill of sale, title of possession, warranty deed, grant, hijuela, master's deed, partido, transfer, exchange of lands, mining claim, a power of attorney, lease, allotment, donation, etc. Knowing this, it is recommended that the researcher view the original book at the NMRCA for possible additional information.

Spelling of names and places appear as was read. Final "a" and "o" have sometimes been difficult to differentiate. "n" and "r" are sometimes misread. "s" and "c" have been used interchangeably. If looking for Manuel Armijo, try looking under Governor. A few other spellings come to mind: Abeyta, check also Beita; Baca, see also

de Baca; De La O, see also O; Herrera, see also de Herrera; LeDoux, see also Lidu; Luna, see also de Luna; Beaubien, see also Bobian.

Keep in mind that some errors are inevitable. Always check the originals for accuracy and additional material. Much proof-reading was done. We appreciate all of the Archives staff members' valuable assistance. They were always willing to offer sources and assistance during this extended project. Fellow genealogists and an occasional visitor to the Archives were also helpful.
